

# UPCS/REAC Training: A Path to Higher Scores

April 2, 2019, Antonelli Event Center, Irwin, PA

Registration: 7:30 a.m. Seminar: 8:00 a.m. - 4:00 p.m.

Looking to improve your REAC score? Want to save money while increasing your score?

Then, **this seminar, given by U.S. Inspection Group (USIG), is a must!** It provides an overview of the UPCS, coupled with an in-depth study of the most critical areas of inspection.

Using actual photos, the trainers will show you what to look for when entering every apartment. They will teach the point value of EVERY possible defect. By focusing on those **items that most impact your REAC score**, you can both improve it and stop wasting valuable resources.

The USIG trainers will help attendees develop a simple, yet **detailed, one-page checklist** that can be used daily by maintenance personnel, to aid in locating and alleviating defects according to UPCS. It will help ensure you are ready for your next inspection!

Another reason for attending? **Great handouts.** Participants will receive copies of USIG's exclusive UPCS Inspection Code Book. It provides point deductions for every possible defect, allowing you to set priorities. Numerous other handouts include the Priority Setting form, recent REAC updates and changes to the UPCS PASS 4.0.

## Trainers

USIG personnel have been involved with REAC since the program's inception in 1998. They have trained 1000s, throughout the country, to the exacting UPCS standards. USIG is a pioneer in the pre-REAC/annual inspection industry. You may visit their website, [usinspectiongroup.com](http://usinspectiongroup.com), for more details on the company and key personnel.

(See reverse side for seminar agenda and schedule.)
